NOTE: During extreme weather conditions, some roads in the area may remain on snow routes for additional days. Check Oregon City School District web site for updates, also local radio and TV stations will carry these announcements should they be necessary. Activities after School normally will be cancelled, however in the event that they are not, snow routes for the affected roads will still be in effect.

Our buses travel on many rural roads. If the bus driver comes to a road/street that has changed due to inclement weather, it will be at the driver's discretion to determine if it's safe or not to travel on that road. The driver will notify the transportation dispatcher with the updated information.
